

Parts for Key West and Key Biscayne Elevation Homes

Our Key West and Key Biscayne homes have unique trim parts that may be very difficult to find. For Key West it is the finials, corbels and spindle trim over the driveway. For Key Biscayne it is the shutters. The Association has identified an ARB approved source for parts listed below but would appreciate help in other areas listed. Any home installing non-approved parts from July 1, 2018 forward will be sent a violation letter and be expected to resolve the violation.

If you need new finials on the peaks of a Key West home, you can contact

Clyde Redmond (Redmond Custom Designs in Wood)
6060 28th St East Suite 6
Bradenton, FL
941-755-8351

If you need new corbels under the windows contact
Clyde Redmond (Redmond Custom Designs in Wood)
6060 28th St East Suite 6
Bradenton, FL
941-755-8351

We are told the spindle work is readily available but do not have a source. If you have one, please contact an ARB member. We can update this information to help other members.

For Key Biscayne homes the biggest issue is the shutters. If you have a source, please contact an ARB member. We will list it here to assist other members.
